A poster providing information about the workshop and the college. It includes details about the workshop's objective, the college's history and accreditation, and the department's focus. The date of the workshop is prominently displayed as 21 SEP 2016. The poster also mentions the college's ISO 9001:2008 certification and its affiliation with Marunmaniam Sundaranar University.

ABOUT THE WORKSHOP

The objective of the Workshop is to bring together researchers, scientists, educators and scholars to exchange and share their experiences, innovative ideas, research findings and discuss the practical challenges.

ABOUT THE COLLEGE

Sadakathullah Appa College Autonomous established in 1971 in Rahmath Nagar, Tirunelveli, is run by Sadakathullah Appa Educational Society. It has been serving as a beacon light spreading the light of knowledge by education to the students from the backward areas of southern districts. The College is reaccredited with 'A' grade by NAAC, an ISO 9001:2008 certified institution, affiliated to Marunmaniam Sundaranar University. It is a minority Institution and it keeps its doors wide open to all people irrespective of caste, creed, religion, language or color.

ABOUT THE DEPARTMENT

The PG and Research Department of Computer Science has grown in leaps and bounds from the year of establishment in 2006 with M.Sc. (CS), M.Phil. (CS) in 2015, Ph.D. (CS) in 2017. The Department has a comprehensive updated curriculum on topics related to all aspects of computer hardware with an emphasis on practical learning. We provide the best career opportunities to the students of the College by maintaining close rapport with the corporate, identifying potential recruiters and organizing campus recruitment process.

ABOUT THE COLLEGE	ABOUT THE WORKSHOP	ONE-DAY NATIONAL WORKSHOP ON MLDL'19 Organized by PostGraduate and Research Department of Computer Science REGISTRATION FORM				
<p>Ever since the British period, the twin towns of Tirunelveli and Palayamkottai, intersected by the perennial Tamirabarani river, have been great centres of learning. The Tirunelveli district has a sizable Muslim population which felt the need for an institution of higher education. Due to dedicated and sincere efforts of the Muslim elite, a college of Arts and Sciences, named after the noted Arabic Scholar Sadakathullah Appa, was started in 1971. Sadakathullah Appa College (Autonomous) has been serving as a beacon light spreading the light of knowledge by education to the students from the backward areas of southern districts. The College which celebrated its Silver Jubilee in the year 1999, is proud to possess a diligent and seasoned team of Staff who have put it on the springboards of progress and success. The College is reaccredited at an 'A' Grade by NAAC, with 3.40 score in the III Cycle and is an ISO 9001:2015 Certified Institution, affiliated to Manonmaniam Sundaranar University.</p>	<p>■ Machine Learning is a growing field that is used while searching the web, placing ads, credit scoring, stock trading and for many other applications. Machine Learning is a type of Artificial Intelligence (AI) that allows software applications to be more accurate in predicting outcomes without being explicitly programmed. The basic premise of Machine Learning is to build algorithms that can receive input data and use statistical analysis to predict an output value within an acceptable range.</p> <p>■ Deep Learning is the area that wins over the field of Artificial Intelligence. By using libraries like TensorFlow, it is now available to the wider audience.</p> <p>■ In this workshop, the audience understands the process of creating and training the Deep Neural Networks on the task of image classification. The session starts with explaining fundamental concepts of Machine Learning and introducing the dataset the computation will be performed on.</p> <p>■ Overall theme of this workshop is to create awareness among faculty members about recent trends in research and also to create foundation of Deep Learning Algorithms using TensorFlow, where they can apply Deep Learning to solve real world problems.</p>	<p>Name : Dr./Mr./Ms.</p> <p>Designation :</p> <p>Department :</p> <p>Address :</p> <p>Phone :</p> <p>email :</p> <p>Payment Detail:</p> <p>Issuing Bank :</p> <p>Signature of the Participant</p> <p>REGISTRATION FEE</p> <table border="0"><tr><td>P.G Students</td><td>Rs.400</td></tr><tr><td>Research Scholars/Faculty Members</td><td>Rs.500</td></tr></table> <p>The registration fee is to be paid in the form of demand draft drawn in favour of "The Principal, Sadakathullah Appa College" payable at Palayamkottai. <p>ABOUT THE DEPARTMENT</p> <p>The PG and Research Department of Computer Science has grown in leaps and bounds from the year of its establishment in 2006 with M.Sc(CS), M.Phil (CS) in 2015, Ph.D (CS) in 2013. The Department has a comprehensive updated curriculum on topics related to all aspects of computer software and its applications with an emphasis on practical learning. The thrust areas of research in the Department of Computer Science are Virtual Reality, Augmented Reality, Image Processing, Soft Computing, Data Mining, Big Data Analytics and Deep Learning. The Department has committed faculty. The faculty members are highly motivated and devoted in delivering the highest quality professional education to students and strive to excel in their research areas. The Placement Record of the Department has always been impressive.</p>	<p>OBJECTIVES</p> <p>» To expose the Faculty/ Research Scholars/ Students in emerging technologies in the areas of Machine Learning and Deep Learning.</p> <p>» To Learn core of Machine Learning and to build and train Deep Neural Networks for various tasks, e.g. Image Recognition.</p>

About the Institution

Ever since the British period the town towns of Tirunelveli and Pottayankottai, intersected by the Perambalur River Thambaram, have been great centres of learning. The Tirunelveli district has a sizeable Muslim population which necessitated the need for an institution of higher education. Due to the dedicated and sincere efforts of the Muslim elite, a College of Arts and Sciences, named after the renowned Arabic scholar Sadakathullah Appa, was started in 1971. The motto of the College is "My Lord, Vouchsafe Me Wisdom". The College is located on a 40-acre sprawling campus and is run by Sadakathullah Appa Educational Society. It was first affiliated to Madurai Kamaraj University for 20 years. With the birth of the Marimamman Dendranagar University in 1998, the College was affiliated to it. It became co-educational in 1997. The College serves with a vision of providing quality higher education to all, especially the Muslims, both men and women, and other disadvantaged, underprivileged sections of the society. It is equally committed to inculcate the students with spiritual and moral values. The College aims at producing holistic personalities by introducing globally relevant subjects and instilling in them aptitude for learning, internalizing best practices, institutional culture and commitment towards community.

About the Department

The Department of Business Administration, Sadakathullah Appa College, deemed as DORA-SAC was established in the year 2006. It offers the degree course in Bachelor of Business Administration. It offers a certificate course in Marketing Management. The objective of BBA programme is to provide high quality education in management. The department encourages continuous quality interface with industry through projects, workshops, seminars and lectures.

About the Workshop

To address challenges and opportunities in the field of research, and to help researchers conduct research in an accurate and meaningful way, numerous software products have been developed. SPSS is one of the most popular software used by researchers widely as SPSS has enabled academicians and researchers to obtain valuable information from the data. Basic knowledge of SPSS is vital for all users before they proceed to surveys and data analysis.

SPSS is a widely used program for statistical analysis in social science. SPSS is a powerful tool of data analytics, reporting and modeling software. It is the data analytics software package of choice for people who need to analyze large amount of quantitative data and is used as a standard by a wide range of users who need to quickly and accurately carry out statistical analysis of data such as market researchers, health researchers, survey companies, government, education researchers, marketing organizations and data miners.

SPSS functionality ranges from simple plots and charts to much more sophisticated statistical tests. Although very broadly applicable, SPSS is very well-suited to analyzing survey data. It has a very broad range of applications from the relatively simple: calculating frequencies and creating lists and charts, to the far more advanced like variance analysis, multivariate statistical analysis and cluster analysis. It is also useful in building predictive models. This Two-day workshop is for beginners with little or no experience in SPSS for Windows who want to acquire the skills and knowledge in equipping themselves with the basics of SPSS.

<p>ABOUT THE COLLEGE:</p> <p>Sadakathullah Appa College was started in 1971 after noted Arabic scholar Sadakathullah Appa. Within a short span of time the college created a tradition of academic excellence. In recognition of its distinguished service in the field of education and to increase its efficiency still further autonomy was conferred on our college in 2007-2008 by the University Grants Commission and in 2017 Autonomous status was again approved by UGC. In the year 2015, the NAAC reaccredited the college with 'A' grade with 3.40 score in the III cycle. Moreover, the college was declared as an ISO 9001:2015 certified institution affiliated to Manonmaniam Sundaranar University.</p> <p>ABOUT THE DEPARTMENT:</p> <p>The Department of Mathematics was established in the year 1972. The department consists of well experienced faculty members with rich teaching experience. M.Sc Mathematics was introduced in the year 2007 and M.Phil programme in the year 2017. The department was upgraded as a Research department in the academic year 2018 by offering Ph.D Programme (Full-Time/Part-Time).</p>	<p>ABOUT THE WORKSHOP:</p> <p>In mathematics, Fourier analysis is the study of the way general functions may be represented or approximated by sums of simpler trigonometric functions. Fourier analysis grew from the study of Fourier series, and is named after Joseph Fourier, who showed that representing a function as a sum of trigonometric functions greatly simplifies the study of heat transfer. Besides the theory of generalized functions and the integral transforms on generalized functions became an active and important area of research in Mathematics and it continues even today. Though there are numerous integral transforms on generalized functions, this workshop mainly aims at providing the essential fundamentals of Fourier series, development of Fourier transform on classical function spaces and its extension to more generalized spaces.</p> <p>This will certainly make any graduate student familiar about the basic concepts in Fourier Analysis and its applications and motivating the young researchers to do research in these areas.</p>	<p align="center">RESOURCE PERSONS</p> <p align="center">Dr. S. ABOUT THE COLLEGE		FOCUS OF THE WORKSHOP		ORGANIZING COMMITTEE	
Sadakathullah Appa College was started in 1975 after the noted Analyst Acharya Sadakathullah Appa. Within a short span of time this college gained a reputation of academic excellence. In recognition of its distinguished service in the field of education and to increase its efficiency still further, Autonomy was conferred on our college in 2007-2008 by the University Grants Commission. In the year 2015, the NAAC re-accredited the college with 'A' Grade with 5.49 score in the II cycle. Moreover, the college was declared as an ISO 9001 : 2015 Certified Institution. The Extension of the Autonomous status in 2018 - 2019 is yet another milestone in the eventful history of the college. The college seeks to celebrate the Golden Jubilee Year in 2021 to cherish the fifty year journey towards Excellence in Higher Education.		Workshop in Chromatography aims at introducing the recent developments in Chromatography for Faculty members, Research scholars and Post Graduate students of various colleges and Universities. It also aims at providing hands on training on different chromatographic techniques like T.C, Column Chromatography, Paper Chromatography and their applications. It will also be beneficial to teachers who want to broaden their horizons in the field of chromatography.		Patron Alhaj. T.E.S. Fathu Rabbani, Secretary and Correspondent Sadakathullah Appa College (Autonomous)	
ABOUT THE DEPARTMENT		RESOURCE PERSONS		Organizing Chairman Dr. M. Mohamed Sathik, Principal Sadakathullah Appa College (Autonomous)
